Hi Ma

Well I'm looking for a girl again and I'm starting to wonder about someone. The girl I went with, broke up with me on New Years Day. We went to a party at a neighbors house and a drank a few beers too many and fell asleep. Everyone tried to wake me up but it didn't work so they all went into the kitchen and then I woke up and went home to bed, what she was really mad about was because I wouldn't even give her a ride home. I tried to explain that I was sick and wanted to leave about 2:30 but she didn't want to. I guess it's all for the best anyway, because if she ^{was} with one guy she still liked to flirt an awful lot, and then when a guy would try to make time with her, I would end up with a fight. Oh man

what a life. So you see it's all over between her and I for sure. I don't like a girl like that honestly. Just for that one night she spent 60 dollars on a dress, man I couldn't afford to keep her in clothes. Too damn expensive for me. But outside of all that she was pretty nice though. Oh yes she also brought up religion, if you get what I mean. As far as filling out an application for a date with me that's a laugh. I'm kind of slow right now but I'll get around to it. Oh yes the girl that I went with was 17 yrs. old and she said I wasn't too old, she just about got served everywhere we went too. After awhile she even out drank me. These Saginaw women are really rough. I'm good and sick of them too. Oh well I'm sorry Hon I didn't mean to tell

you all my troubles will you
forgive me. I have to tell them to
some one. If I get up enough courage
to come out there, I'll let you know
for sure when, this time I'll be out
for sure honestly Honey. Please don't
forget to write Lark. Oh yes I went to
ice skating today. Maybe we can go some
time. Goodnight Hon. and God Bless You

Lots of Love
Bob

Hi Ila,

Well I'm looking for a girl again and I'm starting to wonder about someone. The girl I went with, broke up with me on New Years Day. We went to a party at a *neighbors* house and a drank a few beers too many and fell asleep. Everyone tried to wake me up but it didn't work. So they all went into the kitchen and then I woke up and went home to bed. What she was really mad about was because I wouldn't even give her a ride home. I tried to explain that I was sick and wanted to leave about 2:30 but she didn't want to. I guess it's all for the best anyway, because if she was with one guy she still liked to flirt an awful lot, and then when a guy would try to make time with her, I would end up with a fight. Oh man what a life. So you see it's all over between her and I for sure. I don't like a girl like that honestly. Just for that one night she spent 60 dollars¹ on a dress, man I couldn't afford to keep her in clothes. Too darn expensive for me. But outside of all that she was pretty nice though. Oh yes she also brought up religion, if you get what I mean. As far as filling out an application for a date with me that is a laugh. I'm kind of slow right now but I'll get around to it. Oh yes the girl that I went with was 17 yrs. old and she said I wasn't too old, she just about got served everywhere we went too. After *awhile* she even out drank me. These Saginaw women are really rough. I'm good and sick of them
